Kgalagadi Transfrontier Park Safari (5-12 February 2027)

YOUR KALAHARI ADVENTURE:

The journey begins in Upington, before travelling through the Kalahari duneveld to Kgalagadi Transfrontier Park.

This carefully planned safari is all about wildlife encounters. We will explore the park's red dunes, dry river valleys and waterholes in search of some of the Kalahari's most fascinating animals, including lion, leopard, cheetah, spotted and brown hyena, meerkat, caracal, honey badger and African wild cat.

Kgalagadi is particularly renowned for its predators and exceptional birdlife. More than 300 bird species have been recorded in the park, including numerous raptors.

This is a safari for travellers who enjoy wildlife, photography, birding and wide-open African landscapes, and who want to spend several days immersed in one of Southern Africa's most distinctive wilderness areas.
